

Trinity Sunday Reflection

This weekend, we as a Church throughout Australia begin a time of a 'new reality.' It is where since March 23 we open our doors for public worship. It is truly a blessing as this is not the case sadly in many other countries.

We especially remember the place of the Blessed Trinity where the Father – the life-giver, the Son – God's life revealed in human form and the Spirit who enables this to happen is reflected on.

How it actually happens is a mystery that we need to live with. The days and the difficult issues we are now living with is also a mystery. In it we pray that God will sustain us simply to be faithful to him and the needs of others.

Welcome back to our Church!

Fr Martin R Maunsell
