

Reflecting on 2021!

We look back on a year that brought us all many varied and often unwanted dilemmas, what the challenges are for 2022 at the moment is a mystery.

That our lives are constantly moving in new and different directions is nothing new, what does change is the type and depth of the directions.

There are some constants in our life that I hope none of us will forget, and one of them is the crucified, risen presence of Jesus Christ. He is there to support, challenge us and inform us wherever we are in life. Please remain faithful to him in word and sacrament at all times.

My ministry at Eastwood is now a very pleasant memory, thank you so much for your cooperation, support, and affirmation. Please give it to my successor as well.

May God bless us all in 2022!

Fr Martin R Maunsell
